Excellence are looking to recruit cleaning staff for local contracts in your area.

You could be someone with much experience in Commercial cleaning, someone who is just starting out and is looking for a few more hours to supplement your existing income or maybe you are retired or semi-retired and just looking for a few hours a week.

Whatever your situation, training will be given. The important thing is that you have a pleasant character, you take pride in what you do and want to deliver a good quality service and that you have the discipline to work on your own and to a high standard.

If you believe you are the right person please email your CV to:
enquiries@excellencefloorcare.co.uk or call (01904)200205
